Introduction

This booklet sets out the charges for Perth Harbour set by Perth and Kinross Council as statutory harbour authority and competent harbour authority (CHA) in respect of rates and duties on vessels and commodities, sundry charges, charges for registered passengers and pilotage services.

The terms and conditions set out at the end of this booklet determine the basis upon which Perth Harbour's facilities may be used and Perth Harbour's marine services are provided. The terms and conditions also set out the circumstances under which payments are due to Perth and Council or its agent and establish liability for payment of these charges.

The charges shall apply for the period from 1st April 2022 to 31st March 2023.

All initial bookings will be required to be confirmed in writing in the form of the Forth Ports Proposed Vessel Movement Form before the services are required. This form can be found on the Forth Ports website for Forth & Tay Navigation Services (FTNS).

The agency making the booking and confirming it in writing will be the sole agency responsible for the payment of invoices relating to the services booked and provided.

By making the confirmed booking the agency are confirming that they have sufficient funds from their principle to cover the cost of the services provided.

Should there be a dispute as to the accuracy of the invoice, the agency shall raise this concern with Perth and Kinross Council or its agent immediately and certainly within the 30 days payment period. Such notification shall clearly state the reason for disputing the invoice.

In the event of the above conditions not being met or invoices not being paid in full within the stipulated time as stated on the invoice the agency concerned may have future bookings for Marine Operations refused.

Port Information

Perth Harbour is very convenient for the motorway network to all parts of Scotland.

The Port is owned by Perth & Kinross Council and operated by its agent, CalMac Ferries Ltd under contract to PKC.
