

Notes:

Soundings, in metres, are reduced to CHART DATUM using RTK. CD is 0.00m below ODN

Data extracted from Multibeam Survey using a Reson 7125SV2 Soundings thinned into a 2m X 2cm Matrix formed from a model using the MINIMUM level, centred in each cell

Contours shown at 50cm intervals

Grid shown in the model is OSGB (1936)

Topography supplied by the OS under license.
