

## Navigational Safety Questionnaire

Perth Harbour welcomes feedback from all users on matters relating to navigational safety within its jurisdiction of the harbour and River Tay in order to identify any areas for improvement and make the harbour a safe place for everyone who uses it.

1. Do you think Perth harbour is safe to navigate? Yes ☐ No ☐  
 If you answered no, please suggest how navigation could be improved:
2. Do you think the provision of Aids to Navigation (AtoN) is adequate? Yes ☐ No ☐  
 If you answered no, please suggest how AtoN provision could be improved:
3. Do you think navigational safety communications and availability of information from Perth Harbour is adequate? Yes ☐ No ☐  
 If you answered no, please suggest how communication or information could be improved:
4. Are you aware of any incidents or near misses over the past 12 months which Perth Harbour should be aware of? Yes ☐ No ☐  
 If you answered yes, please provide details of any incidents or near misses:
5. Please use this box for any other feedback relating to navigational safety at Perth Harbour:

If you would be happy for Perth Harbour to contact you regarding your feedback, please add your most suitable contact details here:
